

# MES 617P

17" Stainless Steel Panel PC with Intel Celeron processor Intel 6th Core i processor

## Features

- Ultra slim design
- Full flat PCT TOUCH with zero bezel
- Stainless steel SUS 304 chassis
- IP66 Fanless design
- Waterproof Circular Connector
- Waterproof Antenna set
- supports customized I/O ports(option)

RoHS  CE FC

## Introduction

The stainless steel Panel PC MES 617P series are the first product combined true flat touch screen, slim edge SUS304 with round corner enclosure, and the most important - IP66 protection for whole unit. Full IP66 SUS304 stainless steel Panel PC series are suitable for Food & Beverage, Packing, Slaughter house, Sanitary ware factory, Industrial Automation, Logistics, Warehousing.

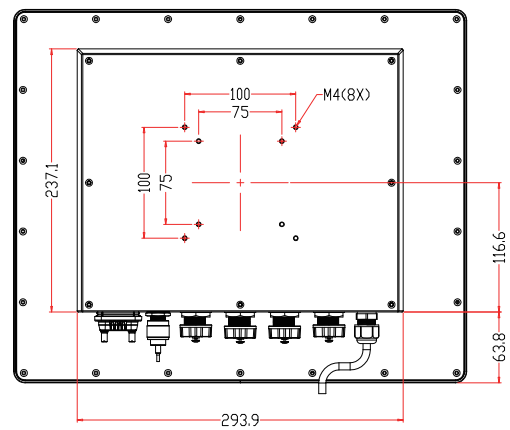

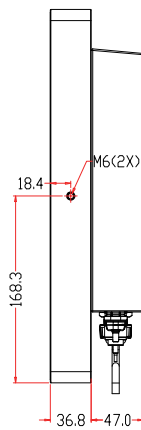

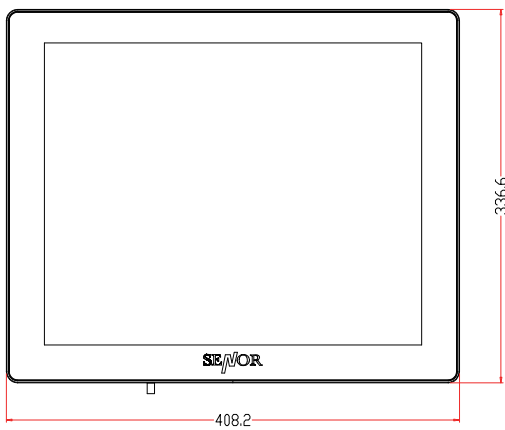

## Specifications

Model No.	MES 617P
CPU	Intel i3-6100U 2.3 GHz
System Memory	2* DDR4 SO-DIMM Max. 32GB
<b>LCD Touch Panel</b>	
LCD Size, Resolution	17" TFT, 1280*1024
Brightness, View angle	350 cd/m <sup>2</sup> , 80°(H)/60°(V)
Touch type	PCT (Projected Capacitive touch)w/Anti-scattering film
<b>Connectivity</b>	
SSD	1*Half Slim SATA SSD
Giga LAN (waterproof)	2
USB 2.0 (waterproof)	2
COM port (waterproof)	1*(support RS-232/422/485)
<b>Mechanical &amp; Environment</b>	
Dimensions (W * D * H)	408.2*83.8*336.6 mm
Weight	7.6kgs
Splash Resistant,Safety Certifications	IP 66 compliant, CE/FCC
Chassis	Stainless Steel SUS304
Storage / Operating temperature	-20°C~60°C / 0°C~40°C, -10°C~50°C(customized)
Relative Humidity	10%~90% (non-condensing)
Power Consumption	DC Out put:12V 6A / AC in put:100V-240V
<b>Software</b>	
Operation System support	Win 7/ Win 7 embedded/ Win 8.1/ Win 8.1 embedded/ Win 10 IoT for Retail 64 bit
<b>Peripheral Options</b>	
Wireless LAN	802.11 b/g/n Wireless LAN
Mounting kit	Wall Mount, Ceiling Mount, Monitor ARM

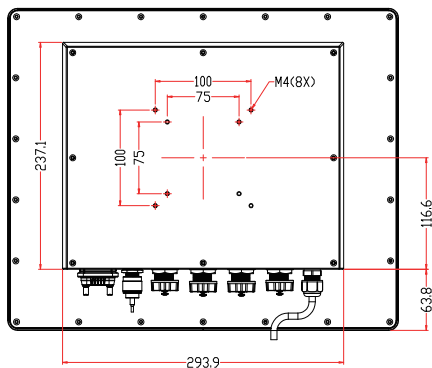

## Dimensions

Unit: mm

408.2\*83.8\*336.6(mm)

## VESA 75\*75 & 100\*100mm

## I/O placement

- COM: 1
- Wireless: 2
- LAN: 3,4
- USB: 5,6
- Power: 7
